Please describe what type of problem that you sought treatment for: heel pain

Please describe your experience with our office, doctors, and staff: Very nice!

Always pleasant! They are always friendly. The day of my surgery, all three girls went into surgery with me & the doctor. One held my hand & talked to me all the way thru! Always joking around.
Please describe how soon after your treatment/procedure you returned to work, normal activities: Surgery on Good Friday, Saturday I was up fixing food for Easter Sunday dinner. Back & forth from Couch to Kitchen. Sunday dinner was at my house, walked in surgical shoe all day. Took it easy all week (Spring break). Back to driving a school bus in regular shoes on Monday. And back to cleaning houses also. Back in a shoe & working in 10 days. No heel pain! Less downtime & a whole lot cheaper!
Overall how was your surgical experience: went real well! I would suggest the fast surgery for any one who can't be down very long. And with no insurance, I could afford it! I have a lot of faith in Dr. Adamovsky and his nurses!

Would you recommend Dr. Adamovsky to a friend or family member? YES NO

I hereby acknowledge the responses above truthfully reflect my experience with the Feet First Podiatry and their work and procedures.
